ADVANCE COMES IN THE FINAL HOUR

ing and Grab All the Wheat in Sight.

CHICAGO, May 13.-Frightened over the idea that the market had been oversold on recent declines, operators who were short grabbed all the wheat in sight in the final hour today. The close was a net advance of ic to i@ic. Proviwas a net advance of ic to i@ic Provi-sions showed a gain of 7;@10c to 22;c.

Although much of the day's news was against values, it was the steady absorp-tion by large local speculators that accen-tuated the congestion that was chiefly in-fluential in making the shorts uneasy. Lack of rain in the spring wheat sections appeared to more than offset reports of dangerous downpours on the winter-crop.

appeared to more than offset reports of dangerous downpours on the winter crop.

Little attention either was paid to statements that southwestern receipts were increasing and that one big nill in Kansas City was closing down. On the other hand, notice was taken of an advance at Liverpool, continued damage by insects in illinois, and Missouri, and especially of a report late in the day that wheat in Michigan was showing a yellow tinge, indicating something radically wrong with the plant. September had a range of 14@16c and closed firm near the top for the day with a net gain of ic. Corn started strong because of open buying on the part of leading wheat longs but weakened on pressure by cash and elevator concerns. Weather in the corn belt was reported warming up west of the Missouri river. The price variation in September was within a limit of 1@1c with the close steady at a net decline of 1c to 634@633c. Cash demand was slack. No 2 yellow sold at 634@632c.

Crop prospects for oats were reported excellent. September closed at precisely last nights prices.

In provisions pork closed 174c to 224c higher, lard 74@10c and ribs, 10c.

Smoke Flor de Baltimore Highest

Local Securities

John C. Cutler, Jr., in his weekly review of local business conditions, says:

"Locally retail trade with the merchants is fairly active and jobbers in dry goods, hardware, knoes and drugs report a moderate business, but some complaints are heard as regards collections. For several weeks money has been rather firm, but it is easier now and better conditions will prevail upon receipt by the banks of wool money. From indications the immediate outlook for business and trade in our city is bright, indeed.

"Deals have been made in a number of local securities in the week. Several large blocks of Amalgamated Sugar company preferred stock sold at \$28.50 and \$99 a share. Consolidated Wagon & Machine company sold at \$125.50 and \$125 a share, and small blocks of Utah-Idaho Sugar company chariged hands at \$5.50 and \$5.50 a share closing strong, and with little stock offered at the latter figure. Bids as high as \$211 for Z. C. M. I. \$219 for Home Fire Insurance company and \$550 a share for Deseret Savings bank were made, but no stock was offered."

Current quotations on local industrial and financial securities, based on recent sales and the opinions of holders, are as follows:

NEW MEXICAN TOMATOES NOW IN CITY MARKET

A good supply of nice, fresh tomatoes was an important feature on the local produce market Friday. This vegetable is now coming in freely and the price is on the decline.

A carload of strawberries arrived in the city Friday from California. They were among the best which have appeared on the market thus far this season.

son.
Fresh vegetables are now coming in freely from the truck gardens of Utah and California. The announcement that the Salt Lake Route is soon to open for through traffic again brings delight to the produce dealers, as it will be in time to get some produce from Moaps. Nev.

Increase in Imports.

WASHINGTON, May 13—Imports from Germany in the nine months ending March, 1919, were larger than those for the corresponding period of any other year in the history of this country's commerce, according to a report of the department of commerce and labor.

The imports from Germany for the nine months' period ending last March were \$122,900,000 in value, compared with \$104,000,000 in 1908 and \$112,000,000 in 1908.

\$104,000,000 In 1909 and \$113,000,000 In 1908.

The aggregate trade of the United States with Germany for the period of nine months ending last March was \$326,000,000, an increase of \$42,000,000 over the corresponding period of the year before. Exports for the period were \$205,000,000, as against \$191,000,000 in 1909 and \$232,000,000 in 1908.

Bradstreet's Review.

Bradstreet's Review.

NEW YORK, May 13—Bradstreet's tomorrow will say:

"Trade is quiet as a whole, unfavorable weather, the indefinite crop outlook and uncertainty as to prices of merchandise all tending to retard distribution in demand, both wholesale and retail.

"Trade reports from the west note a quiet to fair trade at retail, while jobbing business has been largely confined to fill in orders and fall trade is reported backward, though perhaps equal to a year ago at this date.

"Among the industries one of the best dreumstanced lines is building, which shows a next to the largest monthly expenditure for April, second indeed, only to May, 1909, and allied lines all show good conditions. In the iron and steel trade furnace production is still being decreased and western reports from the finished lines are of lower quotations being offered. It is significant that manufacturers this week have bought more freely of raw wool and at concessions than for a long time past.

"Collections reflect the influence of retarded spring trade in reports of only fair to slow payments. Land speculation in the west has received a check in the higher rates being exacted for loans.

"Business failures in the United States for the week ending May 12 were 216, against 191 last week, 224 in the like week of 1909, 281 in 1908, F84 in 1207 and 151 in 1306.

"Business failures in Canada for the

week of 1909, 281 in 1908, 181 in 1809, 181 in 1906.

"Business failures in Canada for the week were 27, against 18 last week and 20 in the same week last year.

"Wheat including flour, exports from the United States and Canada for the week ending May 12 aggregate 2,983,538 bushels, against 1,854,070 last week and 1,220,900 this week last year.

"For the forty-five weeks cuding May 12 exports are 127,010,045 bushels, against 152,217,164 in the same period last year."

Dun's Trade Review. NEW YORK, May 13-R. G. Dun & 's weekly review of trade tomorrow

will say: | "Little new business has developed in Tittle new business has developed in pig fron, although in certain directions more inquiries are noted. Consumers generally delay important purchases for forward delivery because of uncertainty regarding prices.

"Various wage advances have increased producers' costs and not unnaturally any further concessions are not readily grant-ed. The leading interest has still further

and the firm technical position, closing at \$1.12 net advance. May closed \$1.174, July closed \$1.12; September closed \$1.081. Receipts, 4400; shipments, 135.398

Boston Wool.

Boston Wool.

BOSTON, May 13.—The Commercial Bulletin will say of the wool market tomorrow.

At last sufficient business has been accomplished here to establish a market, with a large amount of staple Montana and Oregon sold to a leading New England mill at 62c to 63c, scoured basis. Unwashed delaine also moved substantially at 27c, a figure now being rejected in some houses. Washed delaine changed hands at 36c and Ohio and Michigan quarter-blood at 29c. Original bag Arizona sells at 60c to 62c clean. The dead-lock between buyer and sheepmen in the west continues and many clips are being consigned to eastern dealers.

The shipments of wool from Boston to May 12 inclusive were 72.256,964 pounds, against 96,909.891 pounds for the same time last year. The receipts to May 12 inclusive were 86,913,862 pounds, against 122.829.065 pounds for the same period last year.

St. Louis Wool.

JAMES R. DAVIS.

Salt Lake City, Utah, April 30, 1910, k483

NOTICE.

Notice is hereby given by the city council of Salt Lake City of the intention of such council to make the following described improvement, to-wit:

Extending and laying sewer lateral of vitrified pipe eight (8) Inches in diameter on City avenue, which runs north from Seventh South street to Sixth South street, between State and Second East streets, in sewer district No. 2, and defray the abutters' portion of the cost and expense thereof, estimated at nine hundred two and 25-100 (\$502.25) dellars, or \$3.100 (\$0.93) dollars per front or linear foot of abutting property, there being 1002.5 feet abutting said improvement, by a local assessment upon the lots or pieces of ground within the following described district, being the district to be affected and benefited by said improvement, namely.

The north 247.5 feet of the west side of the east 111.5 feet of the east 148 feet of lot 2; the north 165 feet of the west side of the east 131.5 feet of the west side of the east 131.5 feet of the west side of the east 131.5 feet of the west 33 feet of to 1; the south 25 feet of the west 33.5 feet of the west 33 feet of to 1; the south 25 feet of the west 33.5 feet of the west 35 feet of the east side of the west 33.5 feet of the south 25 feet of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the east side of the west 43.5 feet of the west 43.5 f

of lot 7; the south 95 feet of the north 165 feet of the east side of the west 49.5 feet of lot 7; the south 165 feet of the east side of the west 58 feet of lot 7, all in block 20, plat "A." Salt Lake City sur-

in block 20, plat "A." Salt Lake City survey.

All protests and objections to the carrying out of such intention must be presented in writing, stating therein lot and block, or description of property, to the city recorder on or before the 31st day of May, 1916, being the time set by said council when it will hear and consider such protests and objections as may be made thereto.

By order of the city council of Salt Lake City, Utah.

Dated April 25th, 1910.

By S. RIVES.

TREASURY DEPARTMENT, OFFICE of the Comptroller of the Currency. Washington, April 15, 1910.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that the National Bank of the Republic at Sait Lake City, in the city of Sait Lake City, in the county of Sait Lake and state of Utah, has compiled with all the provisions of the act of congress "to enable national banking associations to extend their corporate existence, and for other purposes," approved July 12, 1882;

Now, therefore, I. Lawrence O. Murray comptroller of the currency, do hereby certify that the National Bank of the Republic at Sait Lake City, in the city of Sait Lake City, in the county of Sait Lake and state of Utah, is authorized to have succession for the period specified in its amended articles of association namely, until close of business on April 16, 1930.

In testimony whereof witness my bank

testimony whereof witness my han-seal of office this 16th day of April (Seal.) LAWRENCE O. MURRAY, Comptroller of the Currency. Charter No. 4310, Extension No. 2883.

DELINQUENT NOTICE.

"Various wage advances have increased producers' costs and not unnaturally any further concessions are not readily granticed. The leading interest has still further curtailed blast furnace operations, now having about thirty stacks lide, and it is estimated that stocks are decreasing at the rate of approximately 25,000 tons weekly. Specifications on finished products are heavier, with a considerable inquiry from the railroads, yet actual orders are not large.

"Quietness pervades the dry goods markets, orders being of a hand-to-mouth character all along the line, but anticipation of deliveries on some lines of fall cottons is noted, the advance business booked by jobbers being exceptionally good. Woolens and worsteds are quiet. Yarns show a little more movement at a sacrifice on costs.

"Immediate trading in boots and shoes is quiet, but the business now placed alar."
